

Making the Most of Classroom Interactions

Making the Most of Classroom Interactions is a two parts interactive Pre-K CLASS course for ECE educators.

Providers and teachers who participate in the CLASS workshops will:

- ♦ Learn to identify and describe effective interactions in care settings
- ♦ Discuss ways to interact intentionally to increase children's learning
- ♦ Gain access to valuable print and video resources aligned with the CLASS measure

Participation in both courses is highly recommended!
Knowledge of CLASS measures is a plus, but not a requirement.
